Plan for Operation of Willapa Valley High School during Teacher Strike

Math/Science Instruction will be a STEM project. Student will be asked to work in small groups to create a proposal for improvement in some technology or to create a new product that will improve the environment or reduce human impact on the environment. They will detail the design of the product, analyze the benefit to society, and produce facts and figures to support investment in this product’s production. The project will culminate in a presentation designed to attract investors for the project.

English/CWP will be a research-based based on the impeachment process, the history of impeachment in our country, and an analysis of the effectiveness of the process culminating with small group presentations.

PE/Computer Lab: Students will be allowed to work out in the weight room under supervision or they can choose to work under supervision in the computer lab on scholarships or portfolio updates.

Transportation: Students can provide their own transportation to and from school, and there will be limited bus/van service available.

Safety: Staff will greet students in the north parking lot of the school. Students will park in the north lot and enter and exit through the gym entrance at the north end of the building, away from picket lines. The Pacific County Department of Public Works will block off Viking Way, the road in front of the school, to traffic. School doors will remain locked throughout the day.

Meal Service: Lori Snodgrass (who possesses food handler’s card) will get assistance from students who have food handlers’ cards to prepare and serve meals. There is plenty of food and milk at the school, and in fact, opening school will help to limit the spoilage that may happen over the holiday break. Open lunch will be allowed beginning Friday, Dec. 13, *but parents should be aware that picketers may be in front of the school.* **Lunch Menus: Thursday—Pizza and salad. Friday—Chicken burgers, fries, salad.**

Students, supervised by staff, will help clean up after lunch and sweep and empty trash at the end of the day.
